Activity Duration

You should allow up to approximately 60 minutes in your day to participate in the Activity. This includes from the time your Activity is scheduled to start up until the conclusion of the Activity.

The approximate 60-minute Activity breaks down into a 5-minute initial group collection and walk to the Range, a 5–8-minute safety briefing & demonstration with the Instructor, up to 40mins participating in the Activity, and finally about 4 minutes debrief and pack up process.

If you wish to also do the Treetop Walk and/or Zipline Tours, you will need to purchase additional tickets (at additional costs) online or upon arrival. If you desire to participate in the Treetop Walk and/or Zipline Tour, you will need to consider the strict start time of those options and allow sufficient time to transition from the Archery Activity to the Treetop Walk and/or Zipline Tour, or vice versa.

If you are participating in an Archery Activity any time after 2:45pm, you will **not** have time to do the Treetop walk after your Activity.
